

Representative Gary Knopp House District 30

Volume 2, Issue 3 February 2018

Working Bills

Our budget sub-committee process is wrapping up this week. All requests will be forwarded to the Finance committee for consideration. Finance will continue to thoroughly vet and debate these amendments before bringing them to the floor for consideration by the House. 360 North is a great way to tune into public testimony and follow the budget process.

We also have many appointments to make to boards and commissions.

Wool's HB 301 Alcohol license; beverage dispensary/ restaurant (BDL tourism license) has moved from Labor & Commerce and is currently sitting in Finance. HB 260 Fish & Game license; Electronic form; is in Fisheries waiting for a 2nd hearing.

If you are interested in keeping up to date on the movement of any bills you can enroll in SMS bill tracking by texting a bill number (example HB1) to 559-245-2529 to start receiving text alerts.

District Events

Last week I was fortunate to make it home for a long weekend. I was thrilled to attend the Central Emergency Services Awards Banquet at the Soldotna Sports Center. It was an honor to support such a great group of people. They don't often receive near the amount of recognition they deserve for the work that they do. They respond to thousands of emergency, fire and rescue service calls annually. What would we do without them? I can not say enough about how much I truly appreciate & admire the Kenai Peninsula Emergency Service team.
